Target for Installation of HPT

3055. SHRI SHANTILAL PARSOTAMDAS PATEL : Will the Minister of INFORMATION AND BROADCASTING be pleased to state

(a) whether Doordarshan has failed to achieve the target for installation of High Power Transmitters during the Eighth Five Year Plan;

(b) if so, the reasons thereof; and

(c) the action taken by the Government to rectify the situation?

THE MINISTER OF CIVIL AVIATION AND MINISTER OF INFORMATION AND BROADCASTING (SHRI C.M. IBRAHIM) : (a) to (c). There has been a shortfall in achievement of targets in establishment of High Power TV Transmitters (HPTs) during the VIII Plan Period. The shortfall has, however, been mainly because of the priority assigned to setting up of Low Power TV Transmitters (LPTs) and Very Low Power TV Transmitters (VLPTs) with a view to extend service to hitherto uncovered areas in the country and constraints of funds. Depending on availability of resources, a number of HPTs are envisaged to be set up in the country as part of IX Plan proposals of Doordarshan.

Import of Steel

3056. SHRI UTTAMSINGH PAWAR : Will the Minister of STEEL be pleased to state :

(a) whether the Government are aware that overseas steel producers have been supplying steel at throw away prices;

(b) if so, the details of imported steel during the last six months alongwith the rate at which it was imported;

(c) whether the overseas steel traders have supplied the steel on account of relaxation of customs duty on steel recently; and

(d) if so, the action proposed to be taken to safeguard the interest of the domestic producers?
